The Journey of Recovery

Continuum Recovery Services is a residential program that provides immediate and intensive clinical care for adults in need of a structured environment that fosters a foundation for rebuilding a life in recovery.

We are committed to building and strengthening relationships and matching appropriate services to meet an individual where they are.

What We Provide

- Ability to live in the community – in a home environment – and obtain the care and support you need
- Evidence-based practices to address the whole person
- Integrated model of treatment and care that addresses mental illness and co-occurring substance use disorders concurrently
- Compassion and understanding in meeting each individual and his or her family where they are with their illness, and customizing personal achievement plans to fit their needs
- Family engagement throughout the entire recovery process; communicating, educating, and helping them to learn, understand, and grow together

Individual Pathways

Continuum offers 4 levels of care. Clients can access treatment to any of these levels of care, and move throughout the levels as their needs change on their path to recovery.

Luna’s Path - Crisis stabilization
- Acute short-term residential care; alternative to ER visit or hospitalization
- Medication monitoring
- 24/7 individualized support with licensed therapists
- Integrated clinical services
- On-site therapeutic programming & groups
- Intensive case management
- Cost: $900/day *
- Length of stay: 15-30 days

David’s Path - Supervised community living
- Access to staff 12-hours/day with 24/7 on-call emergency support
- On-site clinical & professional support & groups
- Connection to family & community
- Medication observation
- Case management
- Integrated clinical services
- Cost: $10,000 first month, $8,500 additional months (includes housing cost) **
- Length of stay: Depends on need

Tyler’s Path - Congregate living
- Building connections
- Case management
- Continued support & services from clinical staff
- Wraparound services & integrated outpatient treatment
- Life coaching
- Cost: $4,000 per month (includes housing and clinical services)**
- Length of stay: Depends on need

Julian’s Path - At-home services for clients who are ready to move on from one of the above paths
- Professional services brought to client’s home (must live locally)
- At-home supports: case management, life & recovery coaching
- Clinically coordinated services
- Wraparound services
- Staff & peer support
- Cost: Clinical services are billed as OP to the insurance or family, depending on coverage

Who We Help

We treat individuals who are challenged with various mental illnesses and co-occurring substance use disorders, such as:
- Anxiety Disorders
- Mood Disorders (Major Depression, Bipolar Disorder, Suicidal Ideation, etc.)
- Thought Disorders (Schizophrenia, Schizoaffective Disorder)
- Post-Traumatic Stress Disorders

Luna’s Path may be fully or partially reimbursable by insurance. We are in network with BCBS, and can take OON benefits or negotiate SCA with most insurances

** Only clinical services at David’s and Tyler’s Paths may possibly be reimbursable by insurance, depending on coverage
